

Active Shooter Response Training Course

Learn the skills and strategies to increase survivability during a violent intruder situation and how to teach others the same strategies. This 2-day course is designed to give you the background and research behind the optional response strategies and hands-on experience with the ALICE proactive response options.

Upon completion of the course you will be an ALICE Certified Instructor and will have the knowledge and skills to train others based on your role in the community.

Benefits of Attending this Course:

- Increase survivability in a violent intruder situation
- Teach proactive response options to others
- Experience interactive scenarios
- Learn more about the e-Learning courses available
- Leave with metrics, successes and a good understanding of the why and how of the proactive response options

ALICE: Empowering individuals to participate in their own survival using proactive response strategies
